

SANIYA RAJ

As a dedicated mathematics student with a strong command of programming languages, including C, C++, Python, Java, JavaScript, HTML, CSS, and HTML5, I am currently enhancing my web development expertise through a course with Sparta Coding Club. I am eager to embark on a challenging career that leverages my professional skills and my ability to effectively communicate ideas. My commitment to achieving organizational goals is matched by a collaborative spirit and a positive, results-driven attitude.
